

Priyadharshini G

STUDENT

PROFILE

A dedicated second-year Data Science student with a strong foundation in programming, data structures, and data analysis. Proficient in Python, Java, and SQL, with a keen interest in problem-solving and database management. Skilled in handling structured data, writing efficient code, and collaborating in team environments. Strong analytical and communication skills, with a commitment to continuous learning and growth in the field of data science.

OBJECTIVE

To secure a data analyst role where I can apply my skills in Python and Java to analyze data and support business decisions. To continuously learn and grow in machine learning and business analytics, contributing to meaningful insights and innovations.
